

Northeast Service Center

Michael Driscoll, CFEI, CVFI
Special Investigator

Manchester, New Hampshire
413-736-1220
mdriscoll@uis-usa.com

EDUCATION:

University of New Haven
Graduated in 2010
Bachelor of Science Degree
Fire Science — Fire/Arson Investigation
Minor: Criminal Justice

University of New Haven
Graduated in 2010
Bachelor of Science Degree
Fire Science — Fire Administration

EMPLOYMENT:

Unified Investigations and Sciences, Inc.
Springfield, Massachusetts
Special Investigator
August 2010 to Present

Concord Fire Department
Fire Prevention Office
Concord, New Hampshire
Intern
June 2009 to August 2009

Canobie Lake Park
Salem, New Hampshire
EMS Department Lead/ EMT-B
July 2007 to September 2008
EMT-B
June 2006 to July 2007

SPECIALIZED TRAINING:

- Asbestos Operations & Maintenance Training, Institute For Environmental Education, Inc., January 2012, Tested (16 hrs).
- The Fire Investigator and the 2011 NFPA 921 Changes, International Association of Arson Investigators, January 2012, Tested (4 hrs).
- Proper Handling of Evidence, International Association of Arson Investigators, November 2011, Tested (8 hrs).
- The Potential Value of Electronic Evidence in Fire Investigations, International Association of Arson Investigators, November 2011, Tested (4 hrs).
- F116 EMS: Functions in the Incident Command System, National Fire Academy with New Hampshire Department of Safety, October 2011, Untested (8 hrs).
- 2011 National Vehicle Fire, Arson, Explosion Investigation Science and Technology Seminar, National Association of Fire Investigators, September 2011, Tested (40 hrs).
- Fire Protection Systems, International Association of Arson Investigators, July 2011, Tested (3 hrs).
- New England Arson Seminar, Saint Anselm College, May 2011, Tested (40 hrs).
- A NIST Analysis of the Charleston Sofa Super Store Fire, International Association of Arson Investigators, April 2011, Tested (4 hrs).
- How First Responders Impact the Fire Investigation, International Association of Arson Investigators, March 2011, Tested (2 hrs).
- DNA, International Association of Arson Investigators, March 2011, Tested (3 hrs).
- Search and Seizure, International Association of Arson Investigators, January 2011, Tested (4 hrs).
- Explosion Dynamics, International Association of Arson Investigators, December 2010, Tested (4 hrs).
- NFPA 921 2-Day Seminar, National Fire Protection Association, December 2010, Tested (14 hrs).
- Fire Investigator Orientation Class, Unified Investigations and Sciences, November, 2010, Untested (40 hrs).

SPECIALIZED TRAINING (CON'T):

- Clandestine Lab Safety, Oneida County, NY Arson Task Force, November 2010, Untested (8 hrs).
- IASIU Ethics Course, National Insurance Crime Training Academy, October 2010, Tested (1 hr).
- Fundamentals of Interviewing, International Association of Arson Investigators, October 2010, Tested (4 hrs).
- Motor Vehicle Fire Investigation, International Association of Arson Investigators, September 2010, Tested (20 hrs).
- Digital Photography and the Fire Investigator, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- MagneTek: A Case Study In The Daubert Challenge, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Physical Evidence at the Fire Scene, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Investigating Motor Vehicle Fires, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Introduction to Evidence, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Insurance and the Fire Investigation, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Fire Investigator Scene Safety, International Association of Arson Investigators, September 2010, Tested (3 hrs).
- Fire Dynamics Calculations, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Ethics and the Fire Investigator, International Association of Arson Investigators, September 2010, Tested (3 hrs).
- Documenting the Event, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Critical Thinking Solves Cases, International Association of Arson Investigators, September 2010, Tested (4 hrs).

SPECIALIZED TRAINING (CON'T):

- Understanding Fire Through the Candle Experiments, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Investigating Fatal Fires, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- An Analysis of the Station Nightclub Fire, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- Managing Complex Fire Scene Investigations, International Association of Arson Investigators, September 2010, Tested (4 hrs).
- A Ventilations-Focused Approach to the Impact of Building Structures and Systems on Fire, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Vacant and Abandoned Buildings: Hazards and Solutions, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- The Scientific Method for Fire and Explosion Investigations – Updated 2009, International Association of Arson Investigators, August 2010, Tested (3 hrs).
- Post Flashover Fires, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Motive, Means, and Opportunity: Determining Responsibility in an Arson Case, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Fire and Explosion Investigations: Utilizing NFPA 1033 and 921, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Electrical Safety, International Association of Arson Investigators, August 2010, Tested (3 hrs).
- Preparation of the Marine Fire Scene, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- The HAZWOPER Standard, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Evidence Examination: What Happens at the Lab?, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Effective Investigation and Testimony, International Association of Arson Investigators, August 2010, Tested (3 hrs).

SPECIALIZED TRAINING (CON'T):

- Arc Mapping Basics, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Wildland Fires Investigation, International Association of Arson Investigators, August 2010, Tested (5 hrs).
- Introduction to Fire Dynamics and Modeling, International Association of Arson Investigators, August 2010, Tested (4 hrs).
- Fundamentals of Residential Building Construction, International Association of Arson Investigators, August 2010, Tested (3 hrs).
- Introduction to Forensic Science, University of New Haven, 2010, Tested (39 hrs).
- Hazardous Materials First Responder Awareness, University of New Haven E.M.S. Club / State of Connecticut, November 2009, Tested.
- Q-466: ICS 400, Fundamentals Review for Command and General Staff, National Fire Academy, October 2009, Tested.
- Q-464: ICS 300, Intermediate All-Hazards ICS Review for Expanding Incidents, National Fire Academy, October 2009, Tested.
- Q-463: ICS-200, Basic NIMS ICS for Operational First Responders, National Fire Academy, October 2009, Tested.
- Q-462: ICS-100, Introduction to ICS for Operational First Responders, National Fire Academy, October 2009, Tested.
- American Heart Association Core Instructor Course, Exeter Hospital, January 2009, Tested (8 hrs).
- Fire Prevention, University of New Haven, 2009, Tested (39 hrs).
- Fire Protection Systems, University of New Haven, 2009, Tested (39 hrs).
- Arson for Profit, University of New Haven, 2009, Tested (39 hrs).
- Criminal Procedure II and Evidence, University of New Haven, 2009, Tested (39 hrs).
- Building Construction for Fire Protection, University of New Haven, 2009, Tested (39 hrs).

SPECIALIZED TRAINING (CON'T):

- Fire and Life Safety Codes, University of New Haven, 2009, Tested (39 hrs).
- Fire Protection Law, University of New Haven, 2009, Tested (39 hrs).
- Q-297 Awareness of Command and Control Decision Making at Multiple Alarm Incidents, National Fire Academy, October 2008, Tested.
- Emergency Response to Railroad Incidents, CSX Transportation, October 2008, Untested (4 hrs).
- IS-00700 National Incident Management System (NIMS), An Introduction, Federal Emergency Management Agency, April 2008, Tested.
- Criminal Procedure I, University of New Haven, 2008, Tested (39 hrs).
- Risk Management & Insurance for Fire Science, University of New Haven, 2008, Tested (39 hrs).
- Fire Protection Hydraulics and Water Supply, University of New Haven, 2008, Tested (39 hrs).
- Juvenile Justice System, University of New Haven, 2008, Tested (39 hrs).
- Chemistry of Hazardous Materials, University of New Haven, 2008, Tested (39 hrs)
- Fire Investigation II, University of New Haven, 2008, Tested (52 hrs).
- Criminal Law, University of New Haven, 2007, Tested (39 hrs).
- Fire Chemistry and Physics with Lab, University of New Haven, 2007, Tested (52 hrs).
- Fire Investigation I, University of New Haven, 2007, Tested (39 hrs).
- Principles of Fire Science Technology, University of New Haven, 2006, Tested (39 hrs).
- Emergency Medical Technician – Basic, New England Health Solutions, April 2006, Tested (100 hrs).

**PROFESSIONAL
ORGANIZATIONS:**

International Association of Arson Investigators (IAAI)
States: CT, MA, ME, NH, RI, VT

National Association of Fire Investigators (NAFI)

CERTIFICATIONS:

Certified Fire and Explosion Investigator – No. 15977-8701
National Association of Fire Investigators

Certified Vehicle Fire Investigator, National Association of
Fire Investigators

Emergency Medical Technician - Basic – B1740191
National Registry of Emergency Medical Technicians
